

MQM Canada expresses grief and sorrow over losses due to earthquake in Baluchistan-Pakistan

The Central committee of MQM Canada is monitoring the situation arising as a result of massive earthquake in Balochistan. All the workers and office bearers of MQM Canada are under grief and sorrow over such a loss of life and property. It is worrisome to know that the conditions are getting worse with each passing day. We request the government agencies to take all necessary actions and use all the resources to fulfill the needs of the affected.

On the instruction of Mr. Altaf Hussain, MQM applaud the services of Khidmat e Khalq foundation and workers of MQM who are delivering goods and physical help to the injured and needy on the ground in the same manner as they helped in past to the northern areas earthquake victims.

MQM Canada would also like to request the government to take long term measures like urban planning, by using of latest engineering and construction techniques, providing medical facilities and to develop contingencies plans etc. which can minimize the losses of precious lives and property.

At the end MQM Canada expressed sympathies with the families of those who are dead and injured and also rewarded Fatiha for those who have lost their lives.
